

February 22, 2012

The California State University, Fresno active chapter along with the Alumni Board of Sigma Phi Epsilon would like to invite you to participate at a *Life After College* career seminar on Sunday, April 29th 2012 at 2:00pm. You will be joined by other California Phi alumni to share your successes, downfalls, and experiences through your own narrative, followed by a question and answer discussion.

Sigma Phi Epsilon is dedicated to the principles of Virtue, Diligence, and Brotherly Love. Collectively, we believe in the importance of balance. Furthermore, we stand behind our philosophy of a sound mind and sound body, not only to develop and grow from a healthy college experience, but from a meaningful life experience as well. With that being said, the seminar will be a part of our sound mind program, and will give the brothers a chance to alleviate some of their anxieties about jobs, careers, and life after college. It will be a chance for them to learn from the experiences of others while keeping the foundation of our philosophy in mind.

The seminar will be held at Cal Phi Chapter House, 5259 N. Millbrook, Fresno, California 93710. We expect approximately forty brothers to attend this event, with a duration of no more than ninety minutes.

We appreciate your consideration to participate in this event and we look forward to hearing from you soon. Please RSVP on our Facebook page and indicate what group/major you would like to help out with.
